New Immersive Reality books available in Children's area

Check out our new Immersive Reality (IR) Book Kits, an amazing resource that combines the love of reading with virtual reality (VR) to bring books to life! Included with each book is a set of cardboard goggles and carrying case. To access the VR feature using the free app, use a smart phone to scan the QR code on the book cover. Once downloaded, load the smart phone into the goggles provided and enjoy the experience of interactive learning! Our collection of IR Book Kits are recommended for children ages four to seven and are available for checkout now. One kit per family will be available at a time for a four-week loan period. Contact the Library Circulation Desk or visit www.allenparklibrary.org for more information.
